STATEMENT BY U.S. HEMP ROUNDTABLE REGARDING KENTUCKY HOUSE BILL 544

LEXINGTON, KY— Today, the Kentucky House unanimously passed HB 544 to regulate hemp-derived delta-8 THC products. General Counsel of the U.S. Hemp Roundtable and former Kentucky State Treasurer, Jonathan Miller, issued the following statement —

“The U.S. Hemp Roundtable, the hemp industry’s national advocacy organization that was born in the Bluegrass State, applauds Rep. Rebecca Raymer and a unanimous House of Representatives for passing strong legislation to regulate delta-8 THC and keep it out of the hands of minors. Unregulated intoxicating products pose a health crisis for Kentucky and the nation, but measures to criminalize these products are not prudent. HB 544 cuts the perfect balance by ensuring strict regulations that will keep children from accessing these adult products. We think it will serve for a model for the nation as state legislatures look to address this issue. We strongly urge the state Senate to follow suit and pass HB 544 in the coming days,” **Jonathan Miller, General Counsel, US Hemp Roundtable; former Kentucky State Treasurer.**
